

**Are you an adult from an ethnic
minority background
with Young Onset Dementia
or
an unpaid carer?**

We are conducting interviews to learn about the experience of receiving a diagnosis of young onset dementia and accessing care.

Interviews will last up to 60 minutes, online or face to face at a time that suits you.

If you would like more information or to get involved, please scan this **QR code** or email Fiona Lowe at **filowe@liverpool.ac.uk**
